

We are dedicated to telling the truth in Science Education. The more basic truth we learn about modern science, the more impossible naturalistic or atheistic explanations become.

Modern science from genetics to astronomy point to a Creator God and is more consistent with the God of the Bible and Jesus Christ as Creator and our Savior.

“A little bit of science estranges a man from God, a lot of science brings him back.”

- Sir Francis Bacon (1561-1626)

Philosopher, parliamentarian & father of the scientific method.

TCF is a non-denominational, non-profit association dedicated to telling the Truth in Science Education.

In our culture, our youth especially need to hear good science presentations in order for them to maintain a Christian conviction that lasts a lifetime.

We reject the notion that Christianity and Science are exclusive of each other. In fact, an honest search for Truth, brings a person to an understanding that there's a strong and solid harmony between the God of the Bible and modern science.

"My people are
destroyed for the
lack of knowledge"
(Hosea 4:6)

We have found that developing an understanding of the scientific facts surrounding the topic of Origins helps to answer many of the questions that young people and seekers have.

Since childhood we are bombarded with stories of millions of years, evolution is a 'proven fact', and that the Bible can not be trusted. Creation science ministries like TCF exist to point out that the great majority of scientific

consistent with the Bible—and actually contradict the myth of Darwinian evolution.

"³ Know this first of all, that in the last days mockers will come with their mocking, following after their own lusts,⁴ and saying, "Where is the promise of His coming? For ever since the fathers fell asleep, all things continue just as they were from the beginning of creation." For when they maintain this, it escapes their notice that by the word of God the heavens existed long ago and the earth was formed out of water and by water,⁶ through which the world at that time was destroyed by being flooded with water."⁷ (2 Peter 3:3-6)

The Heavens declare the glory of God

Psalm 19:1

We hold conferences and provide top quality presentations in churches and schools showing how genetics and the cell have dealt a death blow to the atheistic theory of evolution!
